Anyone not getting picks in for a week cannot finish above players who did not miss getting in a weeks picks and get the top 3 bonus points unless everybody misses getting in a weeks picks. The site does this automatically. Happened to Tammie in 2012 because of week 17 she missed. In points she was 3rd but wound up in 5th on top of other players who missed picking a week also. Anyone who misses a weeks picks can still win the season if they finish with the most finances because of weekly wins and bonus points for ct/totalscore in tiebreaker games.

Week 1 Tammie won tie with jm1647 for 1st, jm1647 got 2nd. Uufu won tie over Danny Coz for 3rd. Dan missed picking wk1 got LS-1 and -1 in finances

Week 2 Tammie won again with 13 right. jm1647 and uufu tied with 12 right and the same MNF TS of 44. Danny Coz also had 12 right with a MNF TS of 48. The MNF TS was 30. With jm1647 and uufu tied being closest to 30 the site equally split 2nd and 3rd place money to them. Danny Coz again got nothing again because of the MNF tiebreaker score.

Week 3 Danny Coz gets his first weekly finish with points, getting 55 points for 1st place with 9 correct picks. Had a 4 way tie for 2nd/3rd place, josie won the tiebreaker getting 2nd and uufu got third. Uufu has 3 weekly finishes with points and Tammie is in the lead in points with 110 and correct picks with 33.
